Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Sunday 12 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Bright start Sunday, then cloudier, some patchy rain. Windier later.

Today:
Initially dry with bright or sunny spells, but becoming cloudy with a spell of patchy light rain and drizzle arriving from late morning, more especially across the north Pennines and Cheviots. Winds strengthening later. Maximum temperature 12 deg C (54 deg F).

Tonight:
Another band of mostly light rain crosses the area from the west overnight, with strong winds. Clearer periods following later, with winds moderating. Minimum temperature 5 deg C (41 deg F).

Monday:
Mostly dry with bright spells, especially toward the north. Cloudier in the far south with a chance of some rain for a time. Maximum temperature 8 deg C (46 deg F).

Outlook for Tuesday to Thursday:
Tuesday and Wednesday generally cloudy with some patchy light rain or drizzle, especially for the Pennines and Cheviots. Mild, and windy at times. Thursday, becoming generally drier with lighter winds.
